1. Safety instructions

- The product is intended for persons **aged 14 and over**.
- **Never connect more than one battery to the adapter at the same time.** Always connect only one battery, to the socket that matches its cell count.
- Use the adapter only with batteries that have a JST-XH balance connector and with chargers that have a JST-XH balance port.
- When charging, follow the charger's instructions and the battery manufacturer's guidelines. Charge under supervision, on a non-flammable surface.
- Always set the correct cell count of the connected battery on the charger.
- Do not use a damaged adapter or cable. Protect the adapter from moisture and from metal objects that could cause a short circuit.

2. Product description

2.1 Intended use

The balancer adapter makes it easier to connect the balance connector of 2S to 6S batteries to a charger with a JST-XH balance port. A battery with a lower cell count is plugged into the corresponding socket of the adapter, and the adapter is connected to the charger with a single cable.

2.2 Adapter description

①	JST-XH socket for a **6S** battery
②	JST-XH socket for a **5S** battery
③	JST-XH socket for a **4S** battery
④	JST-XH socket for a **3S** battery
⑤	JST-XH socket for a **2S** battery
⑥	JST-XH output socket to the charger; the negative pole is at the “−” mark, pins 1–6 correspond to the cells
⑦	JST-XH 6S connecting cable between the adapter and the charger's balance port

3. Use

① Using the connecting cable ⑦, connect the adapter's output socket ⑥ to the JST-XH balance port of the charger.

② Plug the battery's balance connector into the adapter socket that matches its cell count (2S–6S).

③ Connect the battery's main power connector to the charger output.

④ Set the battery type and cell count on the charger and start balance charging.

⑤ When charging is complete, disconnect the battery from both the charger and the adapter.

※ Always connect only one battery to the adapter.

4. Maintenance

- Before use, check the sockets, the cable and its insulation. Do not use a damaged adapter.
- Store the adapter in a dry place with no batteries connected.

5. Information for the EU and Czech Market

European Union regulations apply in all Member States, but national regulations differ from country to country. The information in Chapters 5 and 6 describes the situation in the Czech Republic. If you use the product in another country, follow the regulations of the country in which you use it.

5.1 Manufacturer, importer and seller

Manufacturer	**SKYRC TECHNOLOGY CO., LTD.**
Address	Floors 4, 5 & 8, Building 4, Meitai Technology Park, Guanguang South Road, Guanlan, Longhua District, Shenzhen 518110, China
Website	www.skyrc.com

Importer / responsible person in the EU	**KAVAN Europe s.r.o.**
Company ID (IČO)	178 33 914
VAT ID (DIČ)	CZ17833914
Registered office	Doubravice 110, 533 53 Pardubice, Czech Republic
E-mail	info@kavanrc.com
Phone	+420 463 358 712
Website	www.kavanrc.com

Seller	**Rotorama, s.r.o.**
Company ID (IČO)	051 57 692
Registered office	Okrajová 1351, 674 01 Třebíč, Czech Republic
E-mail	info@rotorama.cz
Phone	+420 252 252 098
Website	www.rotorama.com

5.2 Product identification

- **Product identification:** JST-XH 2–6S balancer adapter, manufacturer SkyRC, EAN 6930460002020.
- Product safety is governed by Regulation (EU) 2023/988 on general product safety (GPSR).

5.3 Disposal of electrical equipment

- The crossed-out wheeled bin symbol on the product, its packaging or in the documentation means that at the end of its service life the product **must not be disposed of together with mixed municipal waste**.
- Hand it over at a take-back point for electrical equipment – at a collection yard, at a take-back point of a collective system, or at the retailer when purchasing a new equivalent product. Take-back is free of charge for the end user.
- The obligations under Act No. 542/2020 Coll., on end-of-life products, are fulfilled by the importer through a collective take-back system.
- Proper disposal helps prevent negative impacts on the environment and human health and contributes to the reuse of secondary raw materials.

Through its contractual partner **ASEKOL a.s.**, the company ensures the take-back of waste electrical equipment from households and the separate collection of waste electrical equipment, batteries and accumulators in accordance with the applicable legislation. The customer is entitled to hand over old electrical equipment or a battery or accumulator at any collection point of the above contractual partner. The addresses of these take-back points are listed at www.asekol.cz, www.ecobat.cz and also https://visoh2.mzp.cz/RegistrMistZO/RegistrMistZOPublic/MapaMistZpetOdberu.

6. Warranty and rights arising from defective performance

The rights and obligations of the contracting parties are governed by Czech law, in particular by Act No. 89/2012 Coll., the Civil Code, and Act No. 634/1992 Coll., on consumer protection.

- The seller is liable to the buyer for the product being free of defects on receipt. If the buyer is a consumer, a defect may be notified **within two years of receipt** of the product (Section 2165 of the Civil Code).
- If a defect appears within **one year** of receipt, the product is deemed to have been defective already at the time of receipt (Section 2161(5) of the Civil Code).
- When purchasing online, a consumer has the right to **withdraw from the contract within 14 days** of receiving the goods without giving a reason (Section 1829 of the Civil Code).
- Claims should be made with the retailer from whom you purchased the product. The contact details of the manufacturer, importer and seller are given in Chapter 5.1.
- The competent body for out-of-court settlement of consumer disputes is the **Czech Trade Inspection Authority**, Štěpánská 796/44, 110 00 Prague 1, www.coi.cz.
